MEMORANDUM FOR: Distribution List

Subject: Joint Pub 1-03.15, "Joint Reporting Structure, Intelligence"

1. This publication has been prepared under the direction of the Chairman, Joint Chiefs of Staff, for the guidance and compliance of all concerned.

2. Recommended changes to this publication should be addressed to Information Systems Division, Directorate for Command, Control, and Communications Systems (J-6), Joint Staff, Washington, D.C. 20318-6000.

3. Additional copies of this publication can be obtained through Service publication centers.

5. Local reproduction is authorized and access to unclassified publications is unrestricted. However, access to and reproduction authorization for classified joint publications must be in accordance with DOD Regulation 5200.1-R.

6. The lead agent for this publication is DIA/JSJ.

For the Chairman, Joint Chiefs of Staff:

THEODORE R. COBERLY
Colonel, USA
Secretary, Joint Staff

Enclosure
DISTRIBUTION:

By the Secretary, Joint Staff:

Joint Staff  DCA  DIA  DNA  JEWC
FAA  NSA  OSD  DLA  JTC3A
Offices of CSA, CNO, CSAF, CMC
Chief of the Defence Staff, Ottawa
USNMR to SHAPE

Additional copies may be obtained from the Secretary, Joint Staff (Documents Division).

Unified and Specified Commands (25 copies each to):

USCINCEUR  USCINCSOC  USCINCSPACE  USCINCTRANS
USCINCLANT  CINCFOR  USCINCSO
USCINCCENT  USCINCPAC  CINCSAC

Additional copies should be obtained from the Military Services assigned administrative support responsibilities by DOD Directive 5100.3, 17 March 1980, "Support to the Headquarters of Unified, Specified, and Subordinate Joint Commands."

By Military Services:

Army: Stocked by US Army AG Publication Center, 2800 Eastern Boulevard, Baltimore, Maryland 21220. See Army Regulation 310-2 for requisitioning and resupply procedures.

See Army Regulation 310-50 for an explanation of abbreviations.

CHAPTER I

DEPARTMENT OF DEFENSE INTELLIGENCE DIGEST
(Short Title—DODID)

1 Purpose of DODID. To provide the Chairman, Joint Chiefs of Staff, the unified and specified commands, the Services, the Joint Staff, and selected US Government agencies with timely, finished intelligence regarding events that could have a significant effect on future planning and operations.

2. Submitted by. DIA.

3. Submitted to

a. One of the Address Indicating Groups (AIGs) or Defense Special Security Communications System Address Groups (DAGs) listed below by electrical message:

(1) AIG 7011/DIACURINTEL (worldwide addressees) for CONFIDENTIAL or SECRET information.

(2) AIG 970 (Washington area addressees) for CONFIDENTIAL or SECRET information with ORCON caveat.*

(3) DAG DINOZ (worldwide addressees) for SI information.

(4) DAG ORALZ (Washington area addressees) for SI information with ORCON caveat.*

(5) DAG OXXAT (worldwide addressees) for TK information.

(6) DAG ORALX (Washington area addressees) for TK information with ORCON caveat.*

b. Selected addressees in the Washington area in a collated, printed report delivered each morning.

* Distribution is determined by originating agency of source information.
4. When Submitted. As soon as possible after an event that could have a significant effect on future planning and operations.

5. How Submitted
   a. Classification. According to content.
   b. Method of Transmission. Electrical message or printed report.
   c. Precedence. As determined by DIA, based on the urgency of the information contained in the report.
   d. MINIMIZE. Not affected by the imposition of MINIMIZE.

6. Report Indicator. "DO".

7. Specific Reporting Instructions for the DODID
   a. Normally, address a single development, situation, event, or activity.
   b. Report an event, explain why the event occurred, and assess its impact on the United States.
   c. Be brief and emphasize foreign military or military-related developments. Significant foreign political and economic events should also be reported.

8. Report Content for the DODID. The DODID is a narrative report.
CHAPTER II
SPOT INTELLIGENCE REPORT
(Short Title – SPIREP)

1. **Purpose of SPIREP.** To provide the Chairman, Joint Chiefs of Staff, the National Military Intelligence Center (NMIC), the unified and specified commands, the Services, the Joint Staff, and selected agencies with timely intelligence regarding events that could have an immediate and significant effect on current planning and operations.

2. **Submitted by.** The unified and specified commands, the Services, and military units of divisional equivalent.

3. **Submitted to**
   a. The following by electrical message:
      (1) Address Indicating Group (AIG) 930 for CONFIDENTIAL and SECRET information.

      (2) Defense Special Security Communications System Address Group (DAG) "KODAV" for SI information.

      (3) When CINC NORAD is the submitting authority, and message content is releasable to the Canadian government, in addition to the addresses listed above, Combat Communications Squad, Ottawa, Canada.

   b. The NMIC (black telephone: (703) 695-0175, KY-3: 2770, or Grey: 961-3101) or to the Alternate National Military Intelligence Center (black telephone: (301) 878-2533, STU III: AUTOVON 224-8360, Ext 2770 or commercial (202) 694-8360, Ext 2770) by telephone reports.

4. **When Submitted.** As soon as possible, but not later than 1 hour after it has been determined that a critical situation of unusually high interest to US decisionmakers has occurred or appears imminent.

5. **How Submitted**
   a. **Classification.** According to content.
b. Method of Transmission. Electrical message. Urgency may dictate use of the telephone, which is permissible if consistent with security restrictions.

c. Precedence. Immediate or higher, as deemed appropriate.

d. MINIMIZE. Not affected by the imposition of MINIMIZE.

6. Report Indicator. "SP"

7. Specific Reporting Instructions for the SPIREP

a. Will not be delayed pending verification of the collection of more detailed information. Amplification or clarification will be sent in a follow-up SPIREP.

b. Will not be used in lieu of Critical Intelligence (CRITIC) reports.*

c. JINTACCS format required.

8. Report Content for the SPIREP. The SPIREP is a narrative report designed to cover a variety of significant events or conditions.

a. Mandatory entries are:

1. MSGID (Message identifier)

2. RPTSTAT (First report, 3d report on, final report, etc.).

3. PERID (Effective time of information in the message, from DTG to DTG).

4. CNTRY (Country event occurred in, countries associated with the event).

5. INFEVENT (Event Information).

6. GENTEX/ NATURE OF EVENT (Free text narrative on event).

b. Remaining topic headings may be used as called for by the nature of the report.

9. **Sample Format.** Figure 1 provides the format for the SPIREP. Figure 2 provides an example of a SPIREP message.

CHAPTER III

DAILY INTELLIGENCE SUMMARY
(Short Title-DISUM)

1. Purpose of DISUM. To provide the Chairman, Joint Chiefs of Staff, the National Military Intelligence Center (NMIC), the unified and specified commands, the Services, the Joint Staff, and selected agencies with a daily analysis of an actual or simulated (training exercise) crisis situation and a summary of related intelligence of significance produced during the preceding 24-hour period.

2. Submitted by. The unified and specified commands.

3. Submitted to

   a. The Address Indicating Group (AIG) or Defense Special Security Communications System Address Groups (DAG) listed below, during real-world crisis situations only, depending on security classification. Originator may include additional write-in addressees as deemed appropriate.

      (1) Address Indicating Group (AIG) 930 for CONFIDENTIAL or SECRET information.

      (2) Defense Special Security Communications System Address Group (DAG) "KODAV" for SI information.

   b. When message content is releasable to the Canadian Government, in addition to those addresses listed above, the Combat Communications Squad and National Defence Headquarters, Ottawa.

   c. One of the address groups listed below, during selected CJCS exercises, depending on security classification:

      (1) AIG 971 for CONFIDENTIAL or SECRET information.

      (2) EXDAG* for SI information.

* The exercise director will select addressees that constitute EXDAG, because participating units may vary according to exercise scenario.
4. When Submitted. As of 2000Z each day when one or more of the following conditions exist:

a. DEFCON 3 or higher degree of readiness is established commandwide, or when there is a significant politico-military situation developing that may require action by the Chairman, Joint Chiefs of Staff, or a higher level of authority.

b. When specifically directed by the Chairman, Joint Chiefs of Staff.

c. At any other time considered appropriate by the reporting activity.

5. How Submitted

a. Classification. According to content.

c. Precedence. Priority precedence during DEFCON 5 or 4. Under DEFCON 3 or higher condition or readiness, a higher precedence may be used if considered necessary by the originator. For simulated situations, comparable readiness conditions and transmission precedences will apply.

d. MINIMIZE. Real-world traffic is not affected by the imposition of MINIMIZE. Originators of exercise-related traffic must consider the effect of such traffic in areas under MINIMIZE conditions.

6. Report Indicator. "DI".

7. Specific Reporting Instructions for the DISUM

a. Narrative report.

b. Will contain a summary and amplification of all significant operational intelligence generated in the 24-hour period preceding the "as of" time of the report.

c. Will include intelligence previously reported, in spot intelligence summary form and amplified, as appropriate.

d. JINTACCS format required.
8. Report Content for the DISUM. The DISUM is a narrative message designed to provide a means of summarizing a variety of significant events and activities.

a. Mandatory entries are:

(1) MSGID (message identifier)

(2) PERID (effective time of information in the message, from DTG to DTG).

b. The narrative portion of the message consists of topic headings followed by free-text description of events within that topic area. Not all topic headings need be included in every DISUM. Only pertinent subject areas need be included.

c. Specific subheadings may be included as part of the free-text narrative at the discretion of each unified and specified command to accommodate distinctive mission requirements.

9. Sample Format. Joint Pub 6-04, US Message Text Formatting Program, provides a format for the DISUM (Figure 3). Figure 4 provides an example of a DISUM message.

CHAPTER IV

INTELLIGENCE SITUATION SUMMARY
(Short Title-INELSITSUM)

1. Purpose of INELSITSUM. To provide the Chairman, Joint Chiefs of Staff, the unified and specified commands, the Services, the Joint Staff, military commanders worldwide, and selected nonmilitary agencies with timely periodic intelligence summaries regarding either actual or simulated (training exercises) foreign crisis situations that could have an immediate actual or simulated effect on US plans and operations. This report was formerly known as the DIA Periodic Intelligence Summary (DIAINTSUM).

2. Submitted by. DIA.

3. Submitted to

   a. The Defense Special Security Communications System Address Group (DAG) KODAV for SI information during real-world crisis situations. During CJCS exercises, DAG will be provided.

   b. Selected addresses in the Washington, D.C., area. The reproduced copies, on real-world situations only, will be disseminated expeditiously by courier.

   c. Participating Address Indicating Groups (AIGs) and DAGs during selected CJCS exercises. These AIGs and DAGs will be provided approximately 1 month prior to Exercise STARTEX.

4. When Submitted. At the direction of the Duty Director for Intelligence or the Intelligence Task Force Commander. Submission intervals will initially be every 12 hours—at 1200 and 2400 ZULU time. Frequency of submission may be shortened as necessary. The Director, DIA, will make the decision to change or modify reporting times or intervals to fit the situation.

5. How Submitted

   a. Classification. According to their content. ORCON-caveated information must receive release approval (either blanket authority or duration of the crisis or exercise on report-by-report basis) from the originator before it can be included in this report.

IV-1
b. **Method of Transmission.** Electrical message and courier during real-world situations and by electrical message only during exercises.

c. **Precedence.** Immediate or higher as deemed appropriate.

d. **MINIMIZE.** Real-world traffic is not affected by the imposition of MINIMIZE. Originators of exercise-related traffic must consider the effect of such traffic in areas under MINIMIZE conditions.

6. **Report Indicator.** "PI".

7. **Specific Reporting Instructions for the INELSITSUM**

   a. The INELSITUM includes time-sensitive information, therefore, use brief summaries to facilitate processing and dissemination.

   b. JINTACCS format required.

8. **Report Content for the INELSITSUM.** The INELSITSUM is designed to provide a format for reporting a variety of significant events and conditions.

   a. Mandatory entries are:

      (1) **MSGID (message identifier)**

      (2) **RPTSTAT (First report, 3d report on, final report, etc.).**

      (3) **PERID (Effective time of information in the message, from DTG to DTG).**

      (4) **CNTRY (Country event occurred in, countries associated with the event).**

      (5) **GENTEXT/GENERAL ENEMY SITUATION (Free-text narrative).**

      (6) **GENTEXT/ENEMY AIR OPERATIONS (Free-text narrative).**

      (7) **GENTEXT/ENEMY GROUND OPERATIONS (Free-text narrative).**
(8) GENTEXT/ENEMY MARITIME OPERATIONS (Free-text narrative).

(9) GENTEXT/ENEMY NUCLEAR, BIOLOGICAL, OR CHEMICAL OPERATIONS (Free-text narrative).

(10) GENTEXT/MISSILE ACTIVITY (Free-text narrative).

(11) GENTEXT/SPACE ACTIVITY (Free-text narrative).

(12) GENTEXT/OTHER ACTIVITY (Free-text narrative).

(13) GENTEXT/POLITICAL ISSUES (Free-text narrative).

(14) GENTEXT/COLLECTION OUTLOOK (Free-text narrative).

(15) GENTEXT/OUTLOOK (Free-text narrative).

b. The word "negative" will follow each GENTEXT topic heading that does not apply. No change in the status of events since the last report will be indicated by the sentence "no significant change since last report" following the applicable GENTEXT topic heading.

9. Sample Format. Figure 5 provides the format for the INTELSITSUM. Figure 6 provides an example of an INTELSITSUM.

CHAPTER V

NATIONAL MILITARY INTELLIGENCE CENTER BULLETIN
(Short Title—NMIC BULLETIN)

1. Purpose of the NMIC Bulletin. To provide the Chairman, Joint Chiefs of Staff, the unified and specified commands, the Services, the Joint Staff, selected military commanders, and selected nonmilitary agencies with timely notification of fast-breaking real-world and exercise events that could have an immediate effect on US plans, operations, equipment, or personnel.

2. Submitted by. DIA.

3. Submitted to

a. The Defense Special Security Communications System Address Group (DAG) KODAV for SI information during real-world crisis situations. During CJCS exercises, special Address Indicating Groups (AIGs) and DAGs will be provided.

b. Selected addresses in the Pentagon. The reproduced copies, on real-world situations only, will be disseminated expeditiously by courier.

4. When Submitted. At the direction of the Duty Director for Intelligence in the National Military Intelligence Center as appropriate for the event or situation.

5. How Submitted

a. Classification. According to their content. ORCON-caveated information must receive release approval (either blanket authority or duration of the crisis or exercise on a report-by-report basis) from the originator before it can be included in this report.

b. Method of Transmission. Electrical message and courier during real-world situations and by electrical message only during exercises.

c. Precedence. Immediate or higher as deemed appropriate.

d. MINIMIZE. Real-world traffic is not affected by the imposition of MINIMIZE. Originators of exercise-related traffic must consider the effect of such traffic in areas under MINIMIZE conditions.
6. **Report Indicator.** "NB".

7. **Specific Reporting Instructions for the NMIC Bulletin**
   a. Contains time-sensitive information and should be brief to facilitate processing and dissemination.
   
   b. JINTACCS format required.

8. **Report Content for the NMIC Bulletin.** The NMIC Bulletin is designed to address any significant event or condition that could affect US plans, operations, equipment, or personnel.
   
   a. Mandatory entries are:
      
      (1) MSGID (Message identifier).
      
      (2) RPTSTAT (First report, 3d report on, final report, etc.).
      
      (3) PERID (Effective time of information in the message, from DTG to DTG).
      
      (4) CNTRY (Country event occurred in, countries associated with the event).
      
      (5) EVENTLOC (Event Location).
      
      (6) GENTEXT/NATURE OF EVENT (Free-text narrative on event).
      
      (7) GENTEXT/COMMENT (Free-text current information on the event).
   
   b. Remaining entries are used as required.

9. **Sample Format.** Figure 7 provides the format for the NMIC Bulletin. Figure 8 provides an example of an NMIC Bulletin.
